

**Fault Mean:** QX=RST Loss, QY=Under Volt, GL=OC, GY=OV, SY=Low Water, SW=Water Temp

**All Diodes Are 1N4148 Unless Otherwise Specified**

**W1 Over Voltage Fault Level (GY) Clockwise Decreased**

**W2 Over Current Fault Level (GL) Clockwise Decreased**

**DIP1 ON Mean High Frequency**

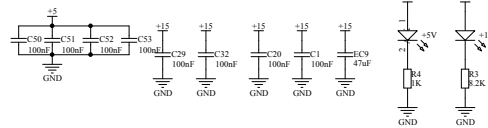

**DIP2 ON Mean Auto Reset Closed**

**DIP3 ON Mean Constant Power Closed**

**W3 Max Inverter Leading Angle Clockwise Increased**

**W4 Min Inverter Leading Angle Clockwise Increased**

**W5 Max Inverter Frequency Clockwise Increased**
